

VISION...

Leaders see the possibilities before they become obvious. The TF700 is designed with the understanding that the information age is just beginning. It incorporates the latest technology into an integrated system that can meet the communications needs of today and tomorrow.

POWER...

Every leader has a great mind. The "mind" of the TF700 is a powerful hardware/software system engineered to provide a comprehensive set of communication functions. TouchNet™ network management software collects usage and billing data, monitors equipment status and uploads documents, software and video screens. This enables operators to remotely manage thousands of TouchFax terminals from one location. The TF700 has the additional power to access other computer systems and enhanced fax services like our own InfoTouch™ electronic library.

VERSATILITY...

Leaders stay responsive to changing circumstances. The TF700 is a versatile platform that can adapt to take advantage of new technologies and opportunities, while meeting many present needs.

~~~~~Public Fax has arrived.

The TF700 is the most complete solution to the needs of the rapidly growing public fax market. It provides high quality fax, jam-free operation and plain paper output in a convenient, self-service terminal.

-----Information Access is the key.

The TF700's self-instructing touchscreen interface encourages the general public to utilize the many information databases available.

~~~~~Word Processing is a plus.

The full-sized keyboard offers the business traveler the perfect solution to composing and printing a letter or even personalizing a greeting card.

.....Video Advertising works.

The TF700's high-resolution color monitor provides a powerful medium to deliver advertising messages. In addition, each video ad screen can be linked to a printed coupon or sales literature that is instantly printed and delivered at the touch of a button.

TF

THE PUBLIC COMMUNICATIONS TERMINAL
OF TOMORROW... FOR INDUSTRY LEADERS TODAY.

EXHIBIT

F

These are the qualities of the industry leader and qualities built into the new TF700 Public Communications Terminal from TouchFax.

The demand for public communication services is growing. Many of the largest telecommunications companies in the world have seen the handwriting on the wall. Several industry leaders have already responded by selecting TouchFax as their product of choice.

In the new TF700, TouchFax has combined precision engineering and powerful functionality to create the industry's most advanced personal communication center. At the touch of a few buttons, the new TF700 can put anyone in touch with the world through an extensive menu of essential services including:

telephone, send or receive a fax, photocopying, word processing and laser printing, and access to a growing network of information databases from Wall Street news to international sports scores.

Handset and Hookswitch
are AT&T quality, delivering high performance and durability.

External Speaker
gives clear audio feedback of busy signals, fax tones, or voice prompts.

Access Door
provides convenient access to internal components, extra paper and supplies.

Ergonomically Designed Cabinet
with heavy-duty steel construction comes in a variety of finishes. Custom colors are available.

INTRODUCING THE

TF

Public Communications Terminal

14" Color TouchScreen Monitor
offers unrivaled ease of use and displays information and ads in sharp, brilliant colors.

Credit Card Reader
accepts major credit cards, phone cards, and can be programmed to accept custom cards.

Full-sized Keyboard
extends for computer database access or word processing, and retracts when not in use.

Option Panel
allows addition of floppy disk drive, optical card reader, laptop or modem connections.

300 DPI Flatbed Scanner
delivers high resolution with jam-free, photocopier-like operation.

386 CPU
with 40 megabyte hard drive, proprietary control interface and integrated fax and data modem capabilities.

300 DPI Laser Printer
offers crisp, high-resolution printing on plain paper and an optional 700 sheet paper tray.

Compact Footprint
of just 24"W X 28"D lets the TF700 fit in almost anywhere.
